## TYPES OF SMALL GROUPS AT MYCHURCH

**Signature (S1)**-MyChurch Signature groups are at the core of our Small Group model. The curriculum for these groups is meticulously selected by the church and they are intended to cover many critical topics of the Church.

**Discover (D1)**-MyChurch Discover groups are interest based relational groups. In a Discover group, there is no course of study. Groups meet to have fun together and pray for each other.

**Develop (D2)**-MyChurch Develop groups are content driven. Groups meet together to study a book or topic that is relevant to life.

**Deepen (D3)**-While all of our Small Groups foster spiritual growth, MyChurch Deepen groups are for those who are earnestly seeking to grow in their walk with Christ. Deepen groups typically focus on a very specific topic, book of the Bible, or curriculum.

---

**Topic/Audience:** Bible Study

**Name:** **Rocks Cry Out!**

**Description:** Are faith and science mutually exclusive? What did Jesus mean when he said that if he disciples did not praise God and were silent "the very stones would cry out"? (Luke 19:4). As a Christian are you expected to check your brain at the door? Are there answers to the seeming controversies between faith and science? Why do trees of the field clap their hands and mountains sing in the Bible? What about all this metaphoric language in the Word? Is there evidence of the findings of science in the Bible or are they not compatible with the Word? Can we be both rational and faithful? What does God want us to think and to know? Let's get real; let's examine reason, relationship, and yes, rocks through the lens of truth.
